FINED FOR ASSAULT ON DIVORCED WIFE

**Conley Charged With Striking
Her in Face Sunday
Morning.**

A sequel to the attempt some weeks ago at the Santa Fe station of J. T. Conley, well known here in railroad circles, to take his child from Mrs. John Rues, wife of a Santa Fe engineer, to whom Conley's divorced wife had given the little girl, as the Rueses were about to depart to Los Angeles for a visit, occurred today when Mrs. Conley, who returned with the Rueses and her child from the California city some days since, had Conley arrested by Chief McMillin on a warrant sworn out before Justice George Craig, charging her divorced husband with assaulting her. From the testimony at the trial at 3 o'clock this afternoon, it appears that Conley called at the home of John Rues, 713 South Arno street, on Sunday morning to see his child. It was alleged by the complainant, Mrs. Conley, that Conley wished to become reconciled with her. She rebuffed his advances and later in the day a quarrel ensued in which she alleges that Conley struck her in the mouth with his fist causing blood to flow. The plaintiff's testimony was corroborated by the testimony of Mrs. Rues and a neighbor. Conley pleaded not guilty to the charge. He was defended by Attorney E. W. Dobson. After hearing the testimony the court fined the defendant \$15 or fifteen days and put him under bonds of \$200 to keep the peace. Attorney Dobson said he would appeal the case.

LARGE CONCOURSE ATTENDS FUNERAL

The funeral of the late Mrs. Candelaria G. de Armiño was held at the family residence on the corner of Fifth street and Marquette avenue at 8:30 o'clock this morning and at 9 o'clock solemn high mass was celebrated at the church of the Immaculate Conception by the Rev. Father Mandalari and assistants. A large number of friends and relatives of the family attended the services and showed their last respect for the esteemed woman. A long line of vehicles followed the funeral car to Santa Barbara cemetery where the interment took place in the family plot. The pall bearers were R. P. Hall, Andres Romero, Melton Chavez, W. W. McClellan, Jacobo Yrisarri and Jesus Romero. Among those from out of town who attended the last rites were Mrs. Felipe N. Baca, a niece of the deceased, from El Paso, and Mrs. Lola C. de Armiño, of Santa Fe. A great many floral tributes were given in honor of the Mrs. Armiño. Among those sending flowers were Mr. and Mrs. Harry Benjamin, Mr. and Mrs. W. W. McClellan, Mrs. Felipe N. Baca, Mrs. N. T. Armiño, Miss Eloisa Armiño and her sister, Mr. and Mrs. T. S. Hubbell, Mr. and Mrs. Jacobo Yrisarri, General and Mrs. John Borradale, Mrs. Ed. Farr and Mrs. Geo. F. Cray. The funeral was unusually solemn and impressive and many prominent citizens attended the services. The deceased was generally beloved and revered and leaves a large family of children and grandchildren to mourn her loss. Her family is one of the most prominent in the southwest.

MAN SQUEEZED BETWEEN PIT AND TURN TABLE

**Andreas Lucero's Left Leg
Amputated and Right
Shoulder Broken.**

Andreas Lucero, a native, employed as night hostler at the round house, sustained injuries so serious at 4:30 this morning, that it was necessary to amputate his left leg just above the knee. He also suffered a dislocation of the left shoulder. From statements made by witnesses of the accident it seems that the man was riding engine 1215 from the round house on to the turntable, and was standing on the step of the pilot. Evidently, the operator didn't see the approaching engine until it was nearly to the table, and he endeavored to throw the table some four feet back to the track, catching Lucero's leg and crushing it between the table and the track, and throwing him into the pit. Employees at the round house picked the injured man up and placed him on the ground, until a carriage could be summoned to remove him to the Santa Fe hospital on South Broadway. Dr. Cutler, the superintendent, assisted by Dr. Spargo, removed the left leg and the injured woman, and the man is reported to be doing very well considering the nature of his injuries, and may recover. Lucero resides at 922 John street, and has a wife and one child. He has been in the employ of the Santa Fe for several years, and is said to be a good steady workman. He is 32 years of age and has a wife and one child.

COMMERCIAL CLUB MEETING TONIGHT

There will be an important meeting of the Commercial club tonight at the club rooms for the purpose of considering the matter of securing the next meeting of the National Irrigation Congress for this city. It is believed that the citizens of Albuquerque will go after this event they will succeed in landing it. The irrigation congress this year will meet in Sacramento, Cal.
 Col. R. E. Twitchell, of Las Vegas, a delegate to the Sacramento congress, expresses the opinion that the delegates are friendly toward New Mexico and would be willing to vote for Albuquerque as the place to hold the convention next year. He will be present at the meeting tonight. Nothing is of more vital importance to the interests of New Mexico than irrigation and this congress, if it were held in Albuquerque, would result in great permanent good to the territory.

CATTLE KILLING CASE AT MORIARTY

Santa Fe, N. M., July 29.—Charged with the wanton destruction of a cow and calf, A. W. Goodman was arrested on a complaint sworn out by Cristoval Pena, and the case will come up for preliminary hearing at Moriarty today. Goodman in retaliation has also had Pena arrested for alleged attempt to kill by drawing a revolver. According to the story as related by Pena, Goodman deliberately shot a cow and calf belonging to the former, and valued together at \$5. He seeks to recover damages to this amount. Goodman it is said denies that he killed the animals as charged and disclaims any knowledge as to the occurrence. Pena on the other hand claims to have seen Goodman shoot the cow and calf with a rifle while they were on Goodman's homestead claim and then haul the carcasses off the ranch with a horse. Both warrants were sworn out before Justice of the Peace P. W. Whiting, at Moriarty. Goodman in his complaint against Pena makes the allegation that Pena threatened his life and attempted to draw a revolver. Pena declares that he was unarmed and denies that he made any threats at the time the alleged assault took place. He said he went to see Goodman and asked the latter why the cattle were shot and demanded redress.

OUTBURSTS OF EVERETT TRUE

MRS. SLEYSER THROWN FROM BUGGY TO PAVEMENT

**Narrowly Escaped Death In
Runaway Accident This
Morning.**

A horse belonging to Bernard A. Sleyser, a well known real estate and insurance agent, ran away this morning near the corner of Gold avenue and First street, and Mrs. Sleyser, who was in the buggy, was thrown out and severely injured. At 10:30 this morning Mrs. Sleyser was sitting in the buggy near the corner of Gold avenue and First street when suddenly the horse started to run. Mrs. Sleyser grabbed the lines and endeavored to control the animal, but before she could do so she was thrown headlong from the vehicle as it rounded the corner at First street. Her head struck the cement curb on the east side of the street and the next instant people in the vicinity were startled by a series of screams. Several clerks rushed out of the B. H. Briggs & Co.'s drug store and lent assistance in bringing the injured woman into the store. From the store she was immediately taken to the office of Chas. Chadwick and Co., on Gold avenue. Two local physicians and Mr. Sleyser, the husband of the injured woman, quickly arrived and after her wound was dressed and such temporary relief as was possible was rendered, the strong ambulance was summoned and she was taken to her home. Mrs. Sleyser sustained a painful wound on the forehead and a number of bruises on her face, but it is not thought by the physicians that the injuries are dangerous. Though Mrs. Sleyser is an excellent horsewoman she was taken by surprise at the actions of the horse and so was not prepared for what happened. Had it not been that she stretched out her arms and so partly saved her face she must have received a frightful injury. Her head was badly bruised and swollen and for a time it was feared that she had suffered a fractured skull but such is not the case. Her condition, however, owing to bruises and shock, is serious. After Mrs. Sleyser was thrown from the buggy the horse dashed up First street and turning at Central avenue, galloped across the tracks toward the Highlands. A number of people gave chase and the frightened animal was finally captured by Health Officer Frank Quier half way to the University. The horse and buggy were not damaged in the least.

SMALL WRECK ON LUMBER MILL SWITCH

The wrecking crew was called to the American Lumber company's yards at 4:45 yesterday afternoon to clear up the wreckage made by a collision of a train of logs and a string of empty cars. The log train pulled by the switch engine, was running along the siding but, owing to the curve, the engineer did not see the signal to stop, and as a consequence ran into the other cars, completely demolishing two of them. No one was hurt, and aside from the loss of the two cars, the damage was slight.

FREIGHT WRECK DELAYS TRAFFIC

Several freight cars were derailed about midnight Saturday night, on the Rio Grande division, at Sabinal, south of Belen. A broken wheel caused the accident. It took several hours to get the wreckage cleared up sufficiently to allow trains to pass. Train No. 16 was held up for seven hours, and No. 9 was correspondingly delayed, not reaching El Paso until yesterday afternoon. Soft tracks and bank-full streams east of La Junta caused Nos. 1, 7 and 9 to be several hours behind time. Can't look well, eat well or feel well with impure blood feeding your body. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean and you will have long life.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. Household remedy in America for 25 years.

40,000 SHEEP IN TWO HERDS COMING THIS WAY

**Being Driven Overland to
Flagstaff, Ariz., by New
Owners.**

About the middle of August there will pass through this city two great flocks of sheep, each of 20,000, en route to Flagstaff, Ariz., from the vicinity of Roswell. The flocks left Roswell two weeks ago and they are now being driven in this direction. The first flock is in charge of H. E. Campbell, of the firm of Campbell, Francis & Co., of Flagstaff. This flock is composed entirely of breeding ewes and all are twelve-pound shearers. The second flock, which follows a day or two behind the first, has an equal number of sheep, but they are all wethers. The second flock is owned by Scott brothers, of Arizona, and the destination is the same. To handle this great number of animals on the long journey from Roswell to Flagstaff, a distance of about 400 miles, forty herders besides bosses are needed. The flocks travel at the rate of four miles a day and have a clear trail a dozen miles wide behind them, which is destitute of herbage after they pass. The flocks will cross the Manzanito forest reserve and strike for this city after which they will proceed westward to their destination. No difficulty or inconvenience is expected in regard to water or grazing while on the journey. The western route will follow quite closely the line of the Santa Fe railroad. Certain sheep growers of Arizona do not look with favor upon this movement of so large a body of sheep. The government ranges in Arizona, they fear, will be overcrowded and the industry imperiled. The sheep industry in Arizona is different from this territory and while the grazing this year is excellent, Arizona growers fear the ranges cannot stand the influx of many more sheep. These sheep were all purchased in the vicinity of Roswell. Big sheep ranchers in the sister territory are preparing to extend their operations into the sheep industry and the present importation of high grade wool bearers is but a beginning of the larger enterprise.

MILITAMEN RETURN FROM ENCAMPMENT

Companies E and G of Albuquerque returned Saturday night from the annual territorial encampment at Las Vegas. The local companies were represented by 100 men, including the regimental band. In all there were 160 officers and enlisted men at the encampment. Besides the local companies, there were represented Company D of Silver City, Company A of Las Cruces, Company F of Santa Fe, Troop A of Las Vegas and the signal corps from Roswell. The week of the encampment was occupied with drill practice, target practice, guard duty and the regular routine of army life. The Albuquerque boys failed to carry off any of the honors for marksmanship, which was due to the fact that most of the men were raw recruits. Seven thousand rounds of ammunition were used in shooting practice during the week. Major Ruppe made a shooting score of 90 out of a possible 100, and was one of the first thirty to win the prize. The Albuquerque boys will be selected to take part in the contests at Fort Perry. While the encampment this year was not all attended to, much work was done and plans made for awakening a new interest in the national guard. The site of the camp at Las Vegas is ideal for the purpose, and the new rifle ranges afford every facility for rifle practice. Next year militiamen will receive pay, a dollar a day, while at camp, and this will stimulate interest. The guards' association, composed of officers, held a meeting during the week and Captain E. C. Abbott was elected president. Lieut. McCrimmon of Santa Fe, secretary, and Captain Porterfield, of Silver City, treasurer. The executive board consists of Col. Myhre of Silver City, Captain Abbott of Santa Fe, and Major Ruppe of Albuquerque.

RESOLUTIONS OF RESPECT.

Whereas, Death, the grim reaper, has invaded the Sacred ranks of the Woman's Home Mission Society of the Highland M. E. church, of Albuquerque, and taken from our membership, our loved sister, Mrs. C. J. Frank; Resolved, The Home Mission Society has sustained a great loss, her husband a good wife, her children a model mother. We extend to Mr. Frank and children, our sympathy. May He, who alone, understands all mysteries, comfort and guide, each sorrowing one. We show our tender regard for her memory, by tending apart a page of our minutes to perpetuate her memory. Further be it Resolved, That a copy of these resolutions be furnished the family, also be printed in our daily papers.

MAN UNDER ARREST AT ROSWELL IS LOPEZ

**Will Be Brought Here For
Trial on Murder
Charge.**

Sheriff Perfecto Armijo left last night for Roswell to take charge of Benjamin Lopez, alias Juan Hernandez, the slayer of Luis Padilla. A photograph of the prisoner was received from Sheriff Charles Ballard, of Chaves county, Saturday, which identified Lopez without a doubt and Sheriff Armijo immediately prepared to go after him and bring him to this city. Lopez, who killed Luis Padilla at Los Padillas seven years ago, has eluded justice ever since until he was finally captured a few days ago at Roswell. The officers have been on the trail of the man for some months but he was only arrested upon conclusive evidence given of his identity by an intimate acquaintance. Not satisfied with his bad record under the name of Lopez, the man also gained notoriety as a bad man under the name of Hernandez. Under Sheriff Heyn has been in active correspondence in regard to Lopez for the last eight months, in which time all manner of false clues were chased down before the alleged criminal was finally located. The local police of many different towns and cities have rendered valuable assistance which has culminated in the arrest of the man accused of committing one of the most cold blooded murders in the territory. Lopez will be brought immediately to this city to await trial on two charges, murder and cattle stealing.
